

abichina EconoElectric Motor Screens

The **abi EconoElectric** screen is a high quality motor screen in a standard design case. It is designed to suit the general market where screen quality and performance are the main concerns. 2 models are available.

The **EconoElectric Premium** model features US grade fiberglass backed matt white fabric with extra top black leader and electronic controls. A Premium quality screen for use in any project. The **EconoElectricR** has a fibreglass backed matt white fabric with black borders & optional electronic controls. A quality screen at an affordable price!

Motors available to suit either 110V or 220/240V country requirements. The extra top black leader on the Premium model enables the screen position to be adjusted to a height to suit the user. It also enables the screen to be recessed into the ceiling for mounting, with sufficient black leader to drop the screen to the correct viewing position.

STANDARD SIZE SPECIFICATIONS (EconoElectric Premium model codes shown)

PRODUCT CODE	FORMAT	DIAGONAL (MM)	SIZE OVERALL (MM)	VIEWING AREA (MM)	EXTRA DROP(MM)	CASE DIMENSIONS LENGTH x H/V (MM)	CASE ENDCAPS H/V INCLUDING MOUNT BRACKETS (MM)
