

abi Express

TRIPOD SCREENS

abi Express tripod screens are sturdy and reliable and economical. They feature a large footprint base for stability, a sturdy tripod stand, keystone eliminator and top spreader bar to maintain a flatter screen.

Choice of either US grade fibreglass backed matt white fabric or standard matt white fabric, with 3cm black borders. The design & fabric quality ensure a flat projection surface.

Compact steel screen case finished in white powdercoat finish. Screens available in square, 4:3 and widescreen formats, in a range of sizes. Carry bags are available as an optional extra.
