

# abi LX640W

HIGH BRIGHTNESS SHORT THROW PROJECTOR

LX640W: XGA - 2500 ANSI

Ideal for use with interactive whiteboards, projecting an 80" image from only 100cm away.

With a brightness of 2500 ANSI lumens, the LX640W is very much brighter than other projectors of this type, and consequently doesn't require room lighting to be as dark.

As with all ABI projector models, the LX640W is an ideal choice when budget is important.

See page 2 for full specifications.

## FEATURES

- High brightness: 2500 ANSI Lumens
- Short Throw: 80" image @ 1m
- RS232 control
- LAN (RJ45)
- HDMI 1.3\* (\*pending)
